The Taste of Tradition

Employment Directions

Primo Australia Port Wakefield Abattoir would like to thank and congratulate Employment Directions on the service they provide to our organisation. The work that Employment Directions performs saves Primo considerable time and money. Primo Port Wakefield predominately advertises for the bulk of our vacancies and the applicant comes to us without any vetting where as Employment Directions does all this for Primo. We find that the applicants supplied by Employment Directions are of a higher standard because of your knowledge of the type of candidate we are seeking to fulfil the numerous roles.

Primo looks forward to continuing this excellent relationship which has been developed over a number of years.

Regards
